Job Description: CNC Machinist – 7x roles available (immediate starts)

Location: Newton Aycliffe, County Durham

Company Overview:

We are a leading manufacturing company specializing in carbon steel products. We are seeking an experienced CNC Machinist to join our team on a permanent basis. Tool or mould makers with relevant experience will also be considered.

Position Overview:

As a CNC Machinist, you will be responsible for setting and operating vertical machine centres to produce high-quality components. The successful candidate will have at least 5 years of experience in CNC machining and will be required to pass practical and theoretical machining tests before employment. This role will involve working on a rotating shift pattern of mornings, afternoons, and nights.

Key Responsibilities:

- Working from engineering drawings.
- Editing programs.
- Setting/Operation of 3axis CNC milling machines.
- Setting large fabrications.
- Filling out route cards and SOP's
- Working a 3 shift rotation system.
- Working a reasonable amount of overtime to suit the needs of the business.

The successful applicant must possess the following skills:

- Competent in the use of Haas, Fanuc or Heidenhain control systems.
- Setting machine datums and tool lengths
- Knowledge of basic inspection equipment.

The following skills are desirable but not essential:

- Fork Lift Truck licence.
- First Aid Training.
- Programming.

Benefits:

SHIFTS

37.5hrs/wk

EARLY SHIFT

Monday - Friday 6:00am – 2:00pm

LATE SHIFT

Monday - Friday 2:00pm – 10:00pm

NIGHT SHIFT

Monday - Friday 10:00pm - 6:00am

PAY RATE

£16.25/hr

£3.00/hr shift allowance applied to all 3 shifts. (For 3 shift rotation only)

Attendance bonus £30.00/wk for each shift.

Overtime paid at 1.5 x regular rate Monday – Saturday and 2 x regular rate Sunday

Permanent role with opportunities for career advancement.

Personal protective equipment provided by the company.

If you are a skilled CNC Machinist with a passion for precision engineering and meet the above requirements, we encourage you to apply for this exciting opportunity. Join our team and be part of our success story!

Best regards
